POULTRY IS POWERFUL

NUMACID-L

The quality of drinking water for poultry and its effect on performance have been of concern to poultry producers for many years. Water makes up a large proportion of the body of the chicken, from 55% to 75%, therefore it is essential for life. Chickens are able to survive much longer without feed than without water. A rule of thumb for water is that the bird consumes from 2 to 2.5 times as much water as it does feed. Therefore, it is expected that deviation in water contents will affect broiler performance more than its occurrence in feed contents. The drinking water standards used most widely for poultry are very similar to the standards for public water systems. Even at levels apparently safe for poultry, previous research has shown that various substances found in drinking water can have a negative impact on performance. It is reported that the poor drinking water quality of Breeding farms/ Layer farms/ Commercial broiler farms negatively affected performance.

Presenting **NUMACID-L**
Right answer to water PH Level maintenance.

Numida
Bio Care

POULTRY IS POWERFUL

NUMACID-L

Features :

- Low pKa value.
- Potent blend of organic acids
- Prolonged activity.
- Low dose safe.
- Wide safety margin.

Benefits :

- **NUMACID-L** Prevents growth of pathogenic micro organism and disrupting their metabolism leading to cidal effect.
- **NUMACID-L** Helps to lower water pH to optimal level to control micro organism growth.
- **NUMACID-L** Helps for better FCR, egg production.
- **NUMACID-L** Stop the formation of bio films and descaling of pipe lines.
- **NUMACID-L** Also stimulates digestive secretions.

Inclusion Rate :

Through drinking water

- 1 to 5 ml per 10 litre water or as per requirement to reduce pH water.
- Optimal dosing depends upon the pH of drinking water to be acidified.

Or

as advised by **Veterinarian**

COMPOSITION :

FORMIC ACID

ACETIC ACID

LACTIC ACID

SORBIC ACID

PROPIONIC ACID

BUTYRIC ACID

CITRIC ACID

Presentation :

5 litre Can.

Marketed in India by :

NUMIDA BIOCARE PVT. LTD.

21, Ground Floor, Shreeji Complex,
Near Ellis Bridge P.O. , Ellis Bridge,
Ahmedabad-380006.
